LIST UP TO THREE INTERNSHIPS OF INTEREST:

For a list of internships currently available, please visit WHYY.org/about/internships.html

1. _____ 2. _____ 3. _____

THE FOLLOWING MATERIALS MUST BE COMPLETED AND MAILED TO WHYY IN ONE COMPLETE PACKAGE:

- Internship application
- Cover letter discussing career goals, three internships in order of preference, computer and language skills, and any specific relevant broadcasting or media experience
- Resume
- A two-three page writing sample (i.e. tear-sheets if published)
- A DVD-R sample, if appropriate of any media or web based work
- A letter of recommendation from an individual who can speak to your relevant experience, background, skills and/or work ethic. The letter must be on letterhead.
- Applicants from non-native English speaking countries must provide proof of English speaking and writing competence through TOEFL minimum scores of 600PBT, 200CBT, or 100IBT.

Note: International applicants must have a valid visa. WHYY does not assist with visa applications.

WHYY reserves the right to request a state Criminal Background Check (CBC) and a Child Abuse History Clearance (CAC) upon acceptance into WHYY's internship program. Interns' continuation in the position will be contingent on the results of the aforementioned clearances. If requested, WHYY will ask interns to complete the application forms for a CBC and CAC prior to their first day, and will cover the cost of each application form.

A conviction record will not automatically result in your disqualification of interning; felony and misdemeanor convictions will be considered only to the extent they relate to the intern position for which you are being considered. However, failure to disclose a conviction and/or mischaracterization of a conviction will result in your ineligibility for interning and/or termination for interning (even if the conviction would not have barred your eligibility for interning had it been properly disclosed).

I certify that the information contained on this form and in my application package is true and complete to the best of my knowledge.
