

Wider Horizons

WHYY's Wider Horizons, one of six service areas, offers radio and television programming, Web content and other communications services for everyone looking at the second half of life.

Caring Community

Caring Community is a volunteer coalition in collaboration with WHYY whose goal is to enhance outreach around issues related to end-of-life, caregiving and chronic illness through educational programming and supportive services — especially through multimedia, including radio, television and the Web. Its members include experts from universities, non-profit organizations, government agencies, faith-based organizations and health care systems in the region.

Hospice Foundation of America

The Hospice Foundation of America's Eleventh Annual Living with Grief teleconference is sponsored in part by a grant from the Foundation for End-of-Life Care and presented in cooperation with the Adventist Communication Network, Alzheimer's Association, U.S. Administration on Aging and the U.S. Department of Veterans Affairs.

HFA provides leadership in the development and application of hospice and its philosophy of care, with the goal of enhancing the American health care system and the role of hospice within it. For more information about HFA please contact:
